## Milliken Avenue Closing for Bridge Construction

ONTARIO, CA – The City of Ontario and San Bernardino Associated Governments will require the closure of Milliken Avenue between East Airport Avenue and Guasti Road on **Monday, January 30, 2012 from 9:00 pm to 5:00 am** so crews can continue necessary work on the bridge girders placed earlier this week.

Crews put girders in place during nighttime closures on Monday through Wednesday of this week as part of the bridge construction for the railroad line to cross over Milliken Avenue. This upcoming Monday night closure will enable crews to safely perform the necessary stress testing of the girders before advancing the construction process.

The ‘North Milliken Grade Separation Project’ is an endeavor to separate rail traffic from vehicular traffic where the two systems cross just south of Interstate 10. Eliminating the at-grade crossing will increase safety, improve mobility and enhance the quality of life for those who live and work near Milliken Avenue in Ontario.
