## Nighttime Interstate 15 Lane Closures in Victorville

**VICTORVILLE, CA** – San Bernardino Associated Governments (SANBAG), in coordination with the California Department of Transportation and the City of Victorville, will be closing lanes on both northbound and southbound Interstate 15 in Victorville to perform pavement rehabilitation and striping in preparation for the next phase of the La Mesa/Nisqualli Interchange Project. These nighttime closures of the two inside lanes in each direction are necessary for the safety of the construction crews and motoring public. Times vary based on direction of travel (see chart below) and at least one lane of travel will remain open at all times.

The La Mesa/Nisqualli Interchange began construction in January 2012 and is on schedule to be complete by the end of July 2013. This new interchange will provide another east/west alternative for local residents of Victorville, as well as relieve the heavy congestion currently experienced at Bear Valley Road and Palmdale Road. More information about the project can be found on the SANBAG website at [www.sanbag.ca.gov](http://www.sanbag.ca.gov).
