

K STREET CLOSURE BETWEEN 2ND STREET AND 3RD STREET

San Bernardino Associated Governments (SANBAG), the county's transportation authority and commission, is developing the Downtown San Bernardino Passenger Rail Project (DSBPRP).

As part of the project, two fully signalized Metrolink tracks will be extended one mile from the Santa Fe Depot in San Bernardino to the planned San Bernardino Transit Center in downtown at Rialto Avenue and E Street. K Street will need to be widened for main access to the Santa Fe Depot. **K Street will be closed from November 3, 2014 to May 1, 2015 between 2nd Street and 3rd Street** for road widening construction work.

LEGEND: — Work Zone (Complete Closure)

Thank you for your patience and support during this improvement project. Please watch for bicyclists, adhere to all posted signage in the construction zone and always remember to... **SLOW FOR THE CONE ZONE.**
